Newsletter Nr. 1 – February 2024

Dear flying friends,

*the Aeroclub Volovelistico Milanese (AVM) organizes the **XVII Trofeo dell'Oltrepò** on the Voghera Rivanazzano airport (LILH), which this year includes:*

Trofeo dell'Oltrepò

Unica Class, handicap competition as per Annex A.

Campionato Italiano Classe Unificata 15 mt

Italian Championship 15 m Class, handicap race as per Annex D wingspan not exceeding 15 m

Campionato Italiano Promozione

The XVII Trofeo Oltrepò is valid as a score for the IGC Ranking.

Gliders and motor gliders are eligible to participate in the championships.

The Italian Championships are reserved only to pilots of Italian nationality, or residents in possession of a Sporting License issued by the AeCI (Italian NAC).

On the website www.flyavm.it and on www.soaringspot.com it is possible to find all the following documents.

We are waiting for you in Voghera

Claudio Rossi

Presidente AVM

ACTIVITY

In the weekends preceding the race, as well as on Thursday 30 May, it will be possible to carry out training flights for all competitors and anyone wishing to experience the competition theatre.

On May 30th, the day before the race, at 6.30 pm the DofR will hold a recommended briefing to present the race for those who have never flown to Voghera Rivanazzano airport.

REGULATION

The 2024 edition of the Trofeo dell'Oltrepò, an international competition, is a glider competition that involves the application of corrective factors for the type of glider (handicap). The Regulation applied will be the one in force for the current year and published on the AeCI website. The 2024 handicap list, approved by the AeCI, applies. Depending on the total number of registered gliders, the possibility of dividing the competitors into two groups with separate tasks and rankings will be considered. In the event of this eventuality, the handicap threshold value that will separate Group 1 from Group 2 will be indicated in the subsequent bulletin. The Italian 15m unified class championship, with a maximum take-off mass not exceeding 525 kg for reasons of safety and organization of towing, will take place every day with the same competition theme as the Trofeo dell'Oltrepò.

The race results will be recorded in the IGC International Ranking. It is mandatory to have FLARM (or equivalent) functioning on board. The presence on board of an ELT or PLB at 406 MHz is strongly recommended.
